Royal Rangers Malaysia.

First Edition. March 2025.

Designed by Nathanael Ho with major contributions from Darren Teoh and Lawrence Sha.

Thank you to everyone else who has also contributed with their stories and memories. This would not have been possible without the contributions of many individuals from across the country.

If you know of additional patches or information that should be added to this document, you can contact us via Instagram *@royalrangersmy* or email *hello@royalrangers.com.my*.

Welcome to the Royal Rangers Malaysian Patch Catalog! This collection celebrates the memories, milestones, and shared experiences that make Royal Rangers so special. Each patch commemorates the moments that define your journey: the camps, events, and friendships that have shaped you. These patches aren't about earning or achieving—they're about remembering the laughter, lessons, and sense of belonging that come from being part of a faith-filled community.

Royal Rangers is a place to grow mentally, physically, spiritually, and socially, just as Jesus did (Luke 2:52). It's where you learn to lead with courage, serve with compassion, and live with integrity. The patches you collect are snapshots of that journey—reminders of the adventures you've shared and the values you're living out: faith, friendship, and a readiness to serve. Beyond that, collecting and trading patches is a fun hobby that builds connections.

As you explore this catalog, let it inspire you to reflect on the memories you've made and look forward to the ones still to come. Each patch is a story—a campfire moment, a challenge overcome, or a new friendship formed. They're more than keepsakes; they're little treasures that remind you of the bonds you've built and the joy of being part of something bigger than yourself.

Here's to the adventures behind us and the ones ahead. Let's keep making every moment count, ready for whatever God has in store!

GETTING YOUR COLLECTION STARTED

Everyone starts somewhere.

Most traders you see that have large organised collections started with the patch they got from their first camp. They most probably still have that very patch. Here are some useful tips on getting your own collection growing.

1. Never trade unless you have spares.
2. Keep the patch of any camp you have attended. In our experience you will always regret trading that one away.
3. Attend as many Royal Rangers activities and camps as you can. Most come with a patch.
4. Maintain your patches. Find ways to keep them organised and in good condition.
5. Diversify your collection. Try to get patches from all over the world or the region. Some can be for keeping and some for trading.
6. Make friends with Royal Rangers around the world through trading. There are numerous online communities that share the same passion for trading.
7. Pick a theme that you like. Some people only collect patches with crosses and some only collect space themes. Trade for what you would enjoy.
8. Learn about the camps of the patches you own or would like to own. Many of them have unique history that will help you appreciate them more.
9. Purchase more than three patches at camp. This allows you to trade what you need to but still keeping one for yourself.
10. Pick an older or more experienced commander to mentor you or guide you through this hobby. They may be valuable advisors with how to grow your collection and to trade ethically.

ETIQUETTE WHEN TRADING

Here are some things to consider when you are trading.

1. Always remember to abide by the Royal Ranger Code when you trade. Be Alert, Clean, Honest, Courageous, Loyal, Courteous, Obedient and Spiritual.
2. Patch trading is about having fun and making friends.
3. Do not interrupt a trade that is going on.
4. ALWAYS ask permission to see someone's patches and remember to thank them afterwards, even if you decide not to trade.
5. Be honest when you trade and treat each other with respect, just the way you like to be treated in return.
6. For Adventure Ranger, Discovery Ranger and Ranger Kid aged traders, it would be best to always have your commander around to help determine if the trade is a fair one.
7. Always say please and thank you.
8. In most cases, trades should be one for one. Pow Wows for Pow Wows or Camporamas for Camporamas. This isn't a steadfast rule and may change depending on the trade agreement.
9. When possible, trade within your age group.
10. Do not trade any awards, merits or rank patches. Those are patches you have earned and should be valuable to you.
11. Private selling of patches at camps are not encouraged.
12. Finish any trade with a firm handshake.

NATIONAL

NATIONAL

National-level patches are typically issued for events and camps organised by the National Office of Royal Rangers Malaysia. Among the most notable patches are those from the 1st Malaysia Camporama and the 10th Royal Rangers Anniversary, both marking significant milestones for the program in the country. A Camporama— a nationwide gathering of all outposts— can only be organised once the program has reached its 10th anniversary.

Today, the most commonly issued patches come from the Malaysia Camporama, National Leaders' Conference, and Anniversary series.

MALAYSIA CAMPORAMA

Held once every four years, the Malaysia Camporama is one of the most anticipated camps in the life of a Royal Ranger in Malaysia.

STATE

STATE

State-level events and camps were issued since the founding of Royal Rangers Malaysia up to the early 2000s. This was then changed to District-level events, which continues to today.

This series comprises some of the rarest and much sought after patches for the program. One of the rarest and first ever patch issued by Royal Rangers Malaysia is the 1st Selangor Pow Wow in 1984.

Spend some time talking to any of the older Rangers who attended these events and you will be treated with a trip down memory lane.

DISTRICT

DISTRICT

District-level patches represent events organised within the four districts of Royal Rangers Malaysia: Central, Northern, Southern, and Eastern. While all four districts once hosted events, only the Central district remains active today. These patches highlight regional events and gatherings, reflecting the unique experiences of each area.

Though some districts are no longer active, their patches remain cherished pieces of history. Today, the most commonly issued patches come from the Central District Pow Wow and Central District Ranger Kids Camp series.
